

Covid-19 Library Reopening Service Plan

The following guidelines were approved by the Town of Ballston Community Library Board of Trustees on June 8, 2020 and will be reviewed and revised as updated information is received.

Reopening the Library will be based on a plan that follows county, state, federal, municipal, and CDC guidelines for safe operations, is in coordination with other system libraries, and is contingent on a decision by the Governor to allow non-essential businesses to reopen.

Reopening of the library must match the capacity of the organization, taking into consideration the health and safety of staff and patrons.

Communication of current protocols will be posted at the Library Building, on the Library Website, and on social media outlets.

Factors that need to be taken into consideration when creating a Library Reopening Service Plan include:

- The Governor lifting the PAUSE and allowing non-essential businesses to reopen.
- Staffing capacity – a recognition that some staff may not be able to return to work immediately due to health, family obligations or choice.
- Cleaning protocols that follow the CDC and state guidelines for cleaning and disinfecting the library building.
- Having the necessary materials and supplies to maintain high hygiene standards.
- Adequate PPE for all staff.
- Installation of droplet contamination protection (i.e. plexiglass/acrylic shields) at all public service desks.
- Physical changes in building for social distancing will be completed including removal of chairs at desks and tables, and rearranging the Community Room for materials return.
- The very real concern that there may be a “second wave” which may require an additional closure of the physical building.

Covid-19 Library Reopening Service Plan

Staff Admission to the Library

When allowed back in the building, the following will be required of staff members until further notice:

- Strict social distancing protocols of being at least 6 feet apart must be followed.
- Staff must wear a mask when working.
- Staff will be provided with masks and gloves to be used.
- Staff must follow established cleaning protocols for their workstations and shared workstations.
- Staff must stay home if they have any symptoms of COVID-19 and follow established return to work protocols, OR if they have a suspected exposure to a person that has tested positive.

Public Admission to the Library

- Members of the public must, until further notice, wear at least a protective mask or cloth covering that covers their nose and mouth while inside the building.
- The Library will not provide masks to the public.
- Social distancing protocols must be followed. As guidelines change, policies will be updated to reflect current recommended protocols.
- Members of the public who refuse to follow these guidelines will be asked to leave the Library. If a patron refuses to leave, authorities will be called.
- The number of people in the building will be monitored and patrons may be asked to wait to be admitted.

Note - The timing of the Stages is subject to adjustment depending on any guidance from NYS, the Saratoga County Health Department, the Southern Adirondack Library System, the Town of Ballston, as well as any other relevant circumstances, and public response and need.
